HB Ece Saray Hotel A Special Category Hotel

The Ece Saray stands on the shore of Fethiye bay, close to the unspilt old town with its own marina, and every room commands wonderful views of the blue sea with the majestic mountains in the distance.

Saray in Turkish means "palace" and the name is well chosen due to the architecture of the Hotel which is typically Ottoman in character. There are 48 air-conditioned rooms, 14 of which are family suites each decorated and furnished in luxurious style with a small balcony, minibar, tea/coffee making facilities, safe box, TV, and en-suite bath and shower.

The family suites have a separate bedroom and living room with double sofa bed and a TV area for the children. They also have a jacuzzi bath for a little added luxury and are extremely stylish in their furnishings.

Guests can dine in the a la carte restaurant with Turkish, French, and Italian styles of cuisine and there are further choices to eat and drink in either the patisserie and cafe, the cigar bar, and the Iskele bar set to the side of the marina.

Each morning breakfast is served on the rooftop terrace where evenings see guests enjoying the scenery with an aperitif.

A day at the Ece Saray can be spent by the large swimming pool with a childrens pool, jacuzzi section, and poolside bar. There is also a spa, wellness centre, fully equipped fitness room, sauna and Turkish bath.

For those wishing to bathe in Fethiye's beautiful clear waters, there is a complimentary water taxi service available to the nearby coast which operates throughout the peak season.
