Samira Delux Apartments ❄❄❄❄

Known as the Samira Deluxe these apartments are set high above Kalkan and hold breathtaking views across the bay. To accommodate for the steep stroll up from the town shuttle buses run regularly throughout the day to the Samira Hotel in the centre which is also run by the same family. The large pool with children's section is perfect for relaxing swim and the poolside bar serves snacks until the late hours.

The area surrounding the pool is spacious so as to lodge the sun-loungers which allow you to bathe and take in the spectacular scenery

around Kalkan at the same time, and the atmosphere within the grounds is both relaxing and hospitable.

Each of the apartments has air-conditioning and en-suite shower/ WC. They are tastefully decorated and fully equipped with twin beds, a kitchenette with small oven, cooking rings, kettle, and fridge, and a balcony. You have the choice of one or two sofa beds in the living area.

Those without the desire to cook can take advantage of the breakfast service which is available in the lobby.

Why not combine a week's gulet cruising with a week in one of Turkey's selected hotel resorts.
